The following item from the Richmond correspondence in the Burlington News of yesterday throws additional light on the antics of the mysterious driver who is held responsible for an accident in which several Barre labor men, bound from Burlington on a motor trip, figured Saturday night: "An automobile going north ran into a team owned and driven by Harry Howe on Saturday night after dark, near what is known as the paint dark, near what is known as the paint dark. The auto struck the horse, cutting it badly and smashing the wagon. Mr. Howe was practically uninjured, but John Bettis, who was riding with him, got his collar bone broken. Commissioner of Education M. B. Hillegas has this week sent to the teachers in the state a letter asking their co-operation in the work of food conservation.

The purpose of the letter is that the children of the schools may become interested in the work, which the adults are conducting, for if the little ones become interested the chances are that the parents will take a lively interest in the matter.

He has also visited schools in northern Vermont on transportation matters.

The November term of supreme court bids fair to be a long one, for it is understood there will be many cases set for trial. According to the new regulation governing the setting of cases for trial, there are 100, the specifications of which have been filed long enough so that they will be ripe for trial when the term convenes.

Corn Meal Griddle Cakes

1½ cups corn meal
1½ cups boiling water
2 cups milk
1 tablespoon shortening
1 tablespoon molasses
½ cup flour
1 teaspoon salt
4 teaspoons Royal Baking Powder
NO EGGS

(The Old Method called for 2 eggs)

Eggless, Milkless, Butterless Cake

1 cup brown sugar
1½ cups water
1 cup seeded raisins
2 ounces citron, cut fine
½ cup shortening
5 teaspoons Royal Baking Powder
